For those who are renewing from last year, you will be assigned the same rack slot/slots as last year. If lower rack slots become available, I will communicate with existing renters to determine if they would prefer to change their slots to a lower position. After that adjustment, I will offer rack slots to new renters.

Once finalized, I will distribute diagrams for the three Pebbly Beach Kayak Racks.

Remember: You need to respond by **May 7th. If I do not get a response by that date, the slot will be reassigned.**

Please call me on 203-481-9487 if you have any questions.
